

Kindergarten

Phillip Evergood: "Sunny Side of the Street"

Project: Collage

Materials:

- Newspaper cut in varying sizes (rectangles)
- Construction paper (for background)
- Construction paper cut into squares and triangles
- Cut circles for the heads (**I will have in the file**)
- Glue sticks
- Scissors
- Markers or crayons

Process:

1. Have students cut newspaper into rectangles that will fit on the construction paper. These will represent the buildings.
2. Draw windows and doors on the buildings using marker or crayon.
3. Glue buildings onto construction paper.
4. Use squares and triangles to represent little boys and girls playing by the buildings. Squares are little boys, students draw head, arms and legs. Triangles are little girls, students draw head, arms and legs.

*Be sure to look at the example. The kids love this project...
