

## Grant Wood Project

Take a picture of your teacher and each student – DO NOT SMILE! One year we tried to have pictures of the kids together and there were so many arguments over who was with whom – we changed it to student and their teacher. They will need glue and scissors also.

Supplies: Pictures of students and teacher, card stock, colored pencils/markers or crayons

1. Students will draw a picture of a familiar background (i.e. Moyer, Busch Stadium, Zoo, Paris, New York, etc)
2. Glue the picture (crop it if necessary) on the front.
